

Seesaw access for parents

There are two ways you can access the online learning:

1. Through the app which can be downloaded via the app store, google play etc

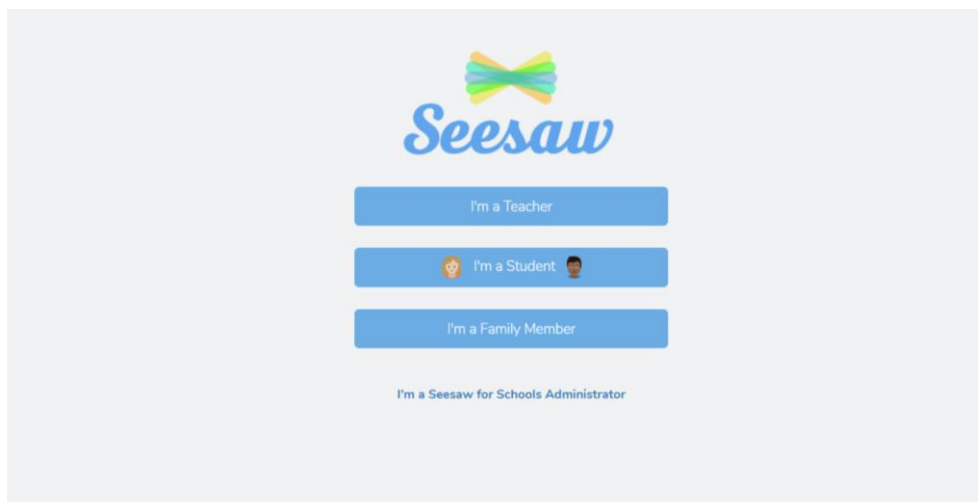

Simply search seesaw class and download to either your phone or tablet.

Once downloaded you will be able to enter the unique code which was sent to all parents via email during the Easter holidays.

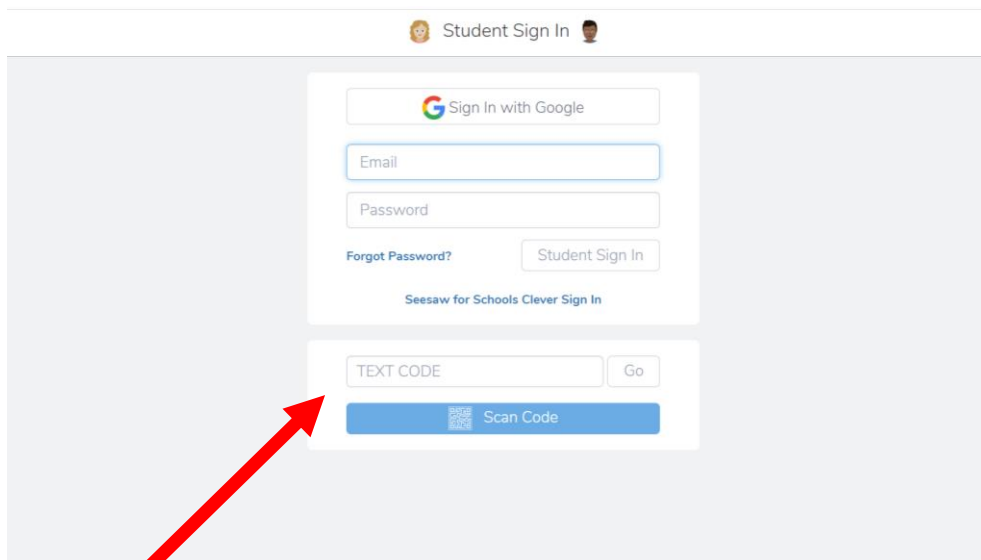

2. Through the website. In your preferred search engine please type:

<https://web.seesaw.me/seesaw-for-schools>

Click the login button on the top right of the page . You should see a screen that looks like this.

It is important to click on **I'm a student** at this point. The following screen should now be showing.

TEXT CODE Go

Scan Code

Please enter the unique code you were sent via email in this box.

The teachers would love to see the work you have completed so please respond to the activities with either a comment or even better a photograph of what you have been doing!

If you have deleted the code or cannot find it then please contact the school via studybugs to request it again.
