12th March 2021

Dear Parents/Carers,

RE: Households mixing outdoors

We are really pleased to see our children back in school and learning. Our children have really enjoyed seeing their friends at school and although we understand why they may want to meet up out of school too, this is still not safe as National restrictions are still in place.

Over the last few days we have been given rumours of “play dates” of children visiting other households. Unfortunately, **if** these rumours prove to be true, the child may be asked to self-isolate and not attend school and return to remote learning.

We have sacrificed so much as a country and our staff have worked hard to reopen school safely to all pupils again. As we move through each step of the roadmap, it is important that we all remember Covid -19 is still a part of our lives so we must take responsibility and abide by the restrictions in place.

Thank you for your support and understanding.

Kind regards,

Mrs Balsara
