Dear All

Re: End of the year arrangements

I am writing to you to explain some of the decisions we have made this week, particularly with regards to community and transition events due to take place in the coming weeks.

In preparation for the end of term we had put in place plans for a full return to 'normality' across our schools and were hoping to provide our pupils and families with a full menu of activities at the end of the Summer term. The plans included a number of community events such as sports' days, leavers assemblies and proms as well as transition events such as taster days for Y6 into Y7, time spent with new teachers and induction visits for families & children into Reception classes.

Unfortunately, we have come to the conclusion that we cannot manage all of these events in a covid-secure manner and therefore it is with deep regret that I need to inform you that we have asked our Headteachers to mitigate any further risks and amend or avoid any events which might increase the risk of any bubble closures. We will still try to run all events and recognise the high importance of transition for our students but it is highly likely that the protocols and arrangements will be amended from the norm: Your child's school will be in touch with further details regarding local arrangements.

Can I conclude by once again thanking you for your efforts and apologise for any disappointment this may cause.

Yours Sincerely,
