

Design & Technology

Cooking Healthy Pitta Pizza

Music

Learn to play the notes C and D on a tuned instrument.

Improvise a simple tune using an instrument

Compose a simple tune using the notes C, D and E.

Weekly singing assemblies.

Science

Lion Learners visit where Kristan will talk about the different needs of animals and how they grow and change.

Build food chains for different living things.

Sort into groups of living, dead or never alive

Compare different habitats and micro habitats.

Art

Make an animal using clay.

Create a print using a variety of printing techniques.

Physical Education

Making shapes with our bodies.

Performing different balances on apparatus.

Travelling across apparatus in different ways.

Dance sessions with Mrs Jaggard

Animal Magic

Year 2 Spring 2 2023

Medium Term Plan – Activities

We are going to be promoting our school values of:

Determination – Perseverance

Kindness – Respect people and things

Excellence – Enthusiasm for learning

Teamwork – The choices you make have an impact on others

Uniqueness – what makes us special

PSHE

Making healthy snacks.

Focus on relaxation techniques.

School nurse visit about medicines.

Computing

Taking a range of quality photographs using the tablets.

Use editing tools to alter images.

Listen to real and fictional stories linked to e-safety week 2022.

Religious Education

Explore new life related to Spring and the Easter story.

Decorating Easter eggs

Easter trail.

Visit the local Church, Easter service and songs in school

Geography

Visit to Watermead Park and look for signs of Spring.

Using a map to navigate around Watermead Park.

History

Research facts about David Attenborough by using difference sources.

Look at different stages of David Attenborough's life to compare the past to the present.

Design & Technology

To understand the importance of a healthy balanced diet.

To understand where food comes from.

Music

To sing songs from memory

To play instruments using the correct techniques, loudly/quietly, fast/slow and to copy a pulse and rhythm.

To improvise and compose a simple rhythm.

Science

Identify and name animals in their habitats, including micro habitats.

Identify that most living things live in habitats to which they are suited and describe how different habitats provide for basic needs of different kinds of animals and plants, and know that they depend on each other

Describe the basic needs of animals, including humans, for survival (water, food and air) as well as the 7 seven life processes (MRS GREN)

Art

To model and print with control.

To talk about why I have chosen to use a technique.

Physical Education

To perform basic gymnastic actions with control and balance.

To plan and perform simple dance sequences.

Animal Magic

Year 2 Spring 2 2023

Medium Term Plan – Skills

We are going to be promoting our school values of:

Determination – Perseverance

Kindness – Respect people and things

Excellence – Enthusiasm for learning

Teamwork – The choices you make have an impact on others

Uniqueness – what makes us special

PSHE

To understand how to keep look after our bodies through diet, exercise and healthy living.

To understand how medicines can help our bodies and how they should be used safely.

Computing

To understand that digital photographs can be altered and enhanced.

To consider lighting and correct focus when taking a photograph.

To understand the importance of staying safe online.

Religious Education

To understand the story of Easter and Holy Week and how churches celebrate through different events.

To make links between the Easter story and new life.

Geography

I know which months of the year belong to which season

I can observe and record features around the local area eg. the plants and animals seen at Watermead Park compared to the animals seen on the road

History

I can identify some of the different ways in which the past has been represented.

I can begin to think about how reliable the sources are.
